SET IT UP!
WHAT’S DIFFERENT?

Houses and hotels are renamed **Power-Ups** and **Invincibilities**, respectively.

Mario Kart, Gunship, Pikmin Onion and *Epona* replace the traditional railroad spaces.

---

**THE BANK**
- Holds all money and Title Deeds not owned by players.
- Pays salaries and bonuses to players.
- Collects taxes and fines from players.
- Sells and auctions properties.
- Sells Power-Ups and Invincibilities.
- Loans money to players who mortgage their property.

The Bank can never ‘go broke’. If the Bank runs out of money, the Banker may issue as much as needed by writing on ordinary paper.

---

Shuffle the **BLOCK** cards and place face down here.
Choose from six Collectible tokens designed with the Nintendo enthusiast in mind. Which will you be? Star, Mushroom, Zelda’s Sword, Gyroid, Samus’ Helmet or Pikmin’s Rocket? Place your token on the GO space.

**THE BANKER**

Choose a player to be the Banker who will look after the Bank and take charge of auctions. It is important that the Banker keeps their personal funds and properties separate from the Bank’s.

Shuffle the ? BLOCK cards and place face down here.

Game board spaces and corresponding Title Deed cards feature characters. All property values are the same as in the original game.
WHERE DID YOU LAND?

1: AN UNOWNED PROPERTY
There are three types of properties:

- Characters
- Vehicles
- Piranha Plant & Pipe

You can buy the property you land on for the listed price on the board space. Pay the Bank, then take the Title Deed card that matches the property and place it near you, face up.

If you don't want to pay the listed price, the property goes up for auction. When buying property you should plan to acquire groups. For example: if you buy a green character, you should try to get the other two green characters during the game. Owning groups earns you more rent when other players land on them and lets you build on your character for even bigger profits.

HERE'S HOW

HOW DO I WIN?
Be the only player left in the game after everyone else has gone bankrupt.
Do this by: buying properties and charging other players rent for landing on them.
Collect groups of properties to increase the rent, then build Power-Ups and Invincibilities to really boost your income.

WHO GOES FIRST?
Each player rolls the two dice. The highest roller takes the first turn.

ON YOUR TURN
1. Roll the two dice.
2. Move your token clockwise around the board the number of spaces shown on the dice.
3. You will need to take action depending on which space you land on. See Where Did You Land? below.
4. If your move took you onto or past the GO space, collect $200 from the Bank.

1: COLLECT RENT
You've got 3 options...

Q: How do I get out of Jail?

1. Pay $50 to the Bank.
2. Pay $100 to the Bank.
3. Use a Get Out of Jail Free card.

When you own all the characters in a color group, you can buy them for the listed price. Put the card to the unmortgaged (face up) pile. Mortgage properties to the Bank, which are auctioned and turned over all his or her properties must be put up for auction. Take the top card from the appropriate pile, return it face down to the bottom of the pile.

Auction bids can only be made in cash. Any player can start the auction. Invincibility per character and cannot build additional buildings on a character, you can demand rent from them as shown on the Title Deed card. You do not pay rent if the property is mortgaged (its Title Deed is face down). Rent depends on how many Vehicles the other player owns.

If you buy a green character, you should try to get the other two green characters during the game. Owning groups earns you more money.

Remember: your aim is not just to get rich. To win you must be the only player left in the game after everyone else has gone bankrupt.
**TO PLAY**

5. If you rolled a **double**, roll the dice again and take another move (steps 1-4). **Watch out!** If you roll doubles **3 times** on the same turn, you must **Go to Jail**.

6. When you finish your move and action, pass the dice to the player on your left.

---

**HELP! I’M IN DEBT!**

If you ever owe the Bank or another player more cash than you have, try to raise the money by **selling** Power-Ups and Invincibilities and/or **mortgaging** properties.

If you still owe more than you have, you are **BANKRUPT** and out of the game!

- Pay whatever money you were able to raise.
- If the debt is to another player -- give them all your mortgaged properties and any Get Out of Jail Free cards. The player must pay 10% interest on each mortgaged property, even if they don’t want to pay off the mortgage yet.
- If your debt is to the Bank -- all your mortgaged properties must be put up for **auction**. These are sold unmortgaged (face up). Return any Get Out of Jail Free cards to the bottom of the appropriate piles.

---

**2: A PROPERTY OWNED BY ANOTHER PLAYER**

If you land on another player’s property you must **pay rent** to them as shown on the Title Deed card. You do not pay rent if the property is mortgaged (its Title Deed is face down).

**Important:** the owner must ask you for the rent before the player to your left rolls the dice. If they forget to ask, you don’t have to pay!

**Characters**
The rent for an **unimproved** character is printed on the matching Title Deed card. This is **doubled** if the owner owns all characters in its color group and none of them are mortgaged. If the character is **improved** with Power-Ups or Invincibilities, the rent will be much higher -- as shown on the Title Deed card.

**Vehicles**
Rent depends on how many Vehicles the other player owns.

**Piranha Plant & Pipe**
Roll the dice and multiply the result by 4 -- this is the rent you must pay.

If the owning player owns both the Piranha Plant & Pipe, multiply the result by 10!
YOU CAN START THE BIDDING FOR AS LITTLE AS $1. IF NO ONE MAKES A HIGHER BID, THE LAST PLAYER TO BID MUST BUY THE PROPERTY.

1: COLLECT RENT
If another player lands on one of your unmortgaged properties, you can demand rent from them as shown on the Title Deed – see Property Owned by Another Player below.

2: AUCTION
The Banker holds an auction when…
◆ A player lands on an unowned property and decides not to buy it for the listed price.
◆ A player goes bankrupt and turns over all his or her mortgaged properties to the Bank, which are auctioned unmortgaged (face up).
◆ There is a Power-Up/Invincibility shortage and more than one player wants to buy the same Power-Up(s)/Invincibility(ies).

When you own all the characters in a color group, you can buy Power-Ups/Invincibilities from the Bank and put them on any of those characters.

i The listed price of each Power-Up is shown on the character’s Title Deed.

ii You must build evenly. You cannot build a second Power-Up on a character until you have built one on each character of its color group.

iii You can have a maximum of 4 Power-Ups on a single character.

iv When you have 4 Power-Ups on a character, you can exchange them for an Invincibility by paying the listed price on the Title Deed. You can only have one Invincibility per character and cannot build additional Power-Ups on a character with an Invincibility.

Auction bids can only be made in cash. Any player can start the bidding for as little as $1. If no one makes a higher bid, the last player to bid must buy the property.

THE DICE!

**Important:** you cannot build on a character if any character in its color group is mortgaged.

**Power-Up/Invincibility shortage?** If there are no Power-Ups/Invincibilities left in the Bank, you must wait for other players to sell theirs before you can buy any. If Power-Ups/Invincibilities are limited and two or more players wish to buy them, the Banker must auction them off to the highest bidder.

4: **SELL POWER-UPS/INVINCIBILITIES**

Buildings can be sold back to the Bank at half the listed price. Buildings must be sold evenly in the same way that they were bought. Invincibilities are sold for half the listed price and immediately exchanged for 4 Power-Ups.

5: **MORTGAGE PROPERTIES**

If you’re low on cash or don’t have enough to pay a debt, you can mortgage any of your unimproved properties. You must sell all Power-Ups/Invincibilities on a color group to the Bank before you can mortgage one of its characters.

To mortgage a property turn its Title Deed card face down and collect the listed value (shown on the back of the card) from the Bank. To repay a mortgage, pay the listed value plus 10% to the Bank then turn the card face up. Rent cannot be collected on mortgaged properties.

6: **DO A DEAL**

You can do a deal with another player to buy or sell unimproved property. You must sell all buildings on a color group to the Bank before you can sell one of its characters.

Property can be traded for any combination of cash, other property or Get Out of Jail Free cards. The amount is decided by the players making the deal.

Mortgaged property can be sold to another player at any agreed price. After buying a mortgaged property, you must either repay it immediately or just pay 10% of the listed value and keep the card face down; if you later decide to repay to the bank the mortgage, you will have to pay the 10% fee again.

Remember: your aim is not just to get rich. To win you must make every other player BANKRUPT!

---

Q: How do I get out of Jail?

A: You’ve got 3 options…

i Pay $50 at the start of your next turn, then roll and move as normal.

ii Use a Get Out of Jail Free card if you have one or buy one from another player. Put the card to the bottom of the appropriate pile, then roll and move.

iii Wait three turns. On each turn roll the dice; if you get a double, move out of Jail and around the board using this roll. If you do not get a double on your third roll, you must pay $50 to the Bank, then move the number of spaces rolled.

6: **JAIL (JUST VISITING)**

Don’t worry! If you finish your normal move on the Jail space, nothing happens. Make sure you put your token on the JUST VISITING section.

7: **FREE PARKING**

Relax! Nothing bad (or good) happens.

8: **A PROPERTY THAT YOU OWN**

Nothing happens. But you’re not making any money!

SPEED PLAY RULES

RULES for a SHORT GAME (60-90 minutes)
There are four changed rules for this first Short Game.
1. During PREPARATION, the Banker shuffles then deals three Title Deed cards to each player. These are Free. No payment to the Bank is required.

2. You need only three Power-Ups (instead of four) on each property of a complete color group before you may buy an Invincibility. Invincibility rent remains the same. The turn-in value is still one-half of the purchase value, which in this game is one Power-Up less than in the regular game.

3. If you land in Jail you must exit on your next turn by (1) using a “Get Out of Jail Free” card if you have (or can buy) one; (2) rolling doubles; or (3) paying $50. Unlike the standard rules, you may try to roll doubles and, failing to do so, pay the $50 on the same turn.

END OF GAME: The game ends when one player goes bankrupt. The remaining players add up their: (1) Dollars on hand; (2) properties owned, at the value printed on the board; (3) any mortgaged properties owned, at one-half the value printed on the board; (4) Power-Ups, counted at the purchase value; (5) Invincibilities, counted at purchase value including the amount for the three Power-Ups turned in.

The most powerful player wins!

PLAY IT RIGHT!
Many players like to devise their own ‘house’ MONOPOLY rules. This is fine, but such rules often make the game last longer. In the official rules players may never loan each other money or trade ‘promises’ not to charge rent in the future, etc. All tax and penalty fees are payable to the Bank and should not be stored under the Free Parking space or anywhere else!
